

## **Business Development and Marketing Interns, Madrid, Spain**

The Spanish-Finnish Chamber of Commerce is seeking an intern to fill its intern position for 2024-2025. Madrid is one of Europe's most important economic and commercial hubs, offering unique opportunities to our applicants so they can advance their skills in the fields of commerce, economics, intercultural communication, and international networking. Position valid until the end of 2024 or until a suitable candidate is found.

### **About Us:**

The Spanish-Finnish Chamber of Commerce is a nonprofit organization formed in 1979 as a means to promote commercial, business, industrial and technological exchange between Spain and Finland. We hold events and meetings in collaboration with other Chambers of Commerce, mainly those in the Nordic countries as well as others in the European Union. We also host working luncheons where executives and high-ranking officials from different institutions share their points of view on the current economic, business, and political view-points, in addition to other meetings of diverse nature that foster the creation of positive and constructive relationships among our members.

### **What we offer:**

- Commercial and economic experience with the Spanish and Finnish companies that are connected to us
- Learning opportunities in the fields of commerce, event management and communication
- Excellent networking opportunities with our members and partners

### **Your main tasks:**

- Promotion, organization, and development of the CCHF's major projects, such as the Business Golf, Christmas Dinner or the European Business Drink
- Managing FACC SD's social media, website, newsletters, events, and other marketing and communications efforts.

### **What we hope from you:**

- Knowledge in the fields of commerce, business, or communication
- Business mindedness, solution oriented, and eagerness to learn.
- Fluency in Spanish, spoken and written abilities
- Outgoing personality and strong communication and collaboration skills.
- Current enrollment from a university program
- Ability to work independently under minimal supervision

### **Compensation:**

You can apply for a grant of 1.500 euros per month for the duration of your internship. The grant is paid for the students of Haaga-Helia Applied Sciences and Helsinki Business School by the Helsinki Regional Chamber of Commerce's trust.
